On 18 Hovenber	1965, I visited the contractors facilit test equipment is all completed except	y for inspection
ment of the conventi loke drivers. Appro inspection report fo		associated the last
program to investigate in suggested a line of	sted to discover that the contractor had ste his novel techniques to improve imag of approach to test out the techniques u imple geometric shapes. The contractor	e perceptibility
veek. Although ther involved, name of the being preformed. If	ng suspicion that the administrative set re are several, perhaps too many, admini hem exhibit more than a cursory knowledg he reports have also been late in coming ort has not yet arrived.	strative people
